DISTINCTIVE DAHLIAS

THOMAS LEAVITT,

Box 163, Dorchester 24, Mass.
Distinctive Dahlias For 1926

Dahlias are growing in leaps and bounds, and while their popularity has only started, it is sure to increase wonderfully during the next few years. Their popularity is justified. Where can such an assortment of colors, types and varieties be found in any other flower? Many of the best varieties are now within the reach of any purse.

When I first became interested in dahlias several years ago, I thought they were the most beautiful flowers I had ever seen, and yet the varieties of today are so far ahead of what we had in those days that there is no comparison. The end is not yet in sight.

Busy as I was as an editor and publisher of newspapers, I found time to go into dahlias extensively as a hobby. In a few years I had such a stock that I decided to issue a catalog of my surplus and have been doing this ever since until today I have a well established dahlia business. As this catalog goes to press four men are busily engaged in making preparations for the business of the coming shipping season and more help will be added as the peak of operations approach.

I am especially proud of my stock. It is clean and healthy in every particular. We ship field grown tubers and pot roots only and none of these has been used in propagating.

During the last few months I have received many testimonials from satisfied patrons telling of their success with my tubers, not only in their gardens but in the shows where they won honors.

I am making green plants from some of the varieties I have. I am just as enthusiastic over these as I have always been and each additional year's experience with them, simply confirms my judgment that they make clean, strong, small, well-formed tubers that keep well. They seem to be freer from disease than clumps grown from tubers and the green plants produce larger flowers than tubers.

Green plants require more care at the beginning than tubers. When planted out care must be taken to shade them and keep them well watered until they have become established. They should be planted deep enough to cover the first two lateral joints with soil, and they should also receive something to eat from time to time. When they are growing well and about twelve inches tall, give them a small handful of bone-meal, (four parts) and potash, one part. Sprinkle in a circle about one foot from the stalk and work into the soil with your fingers.

When the plant buds, give a very small handful of sheep manure applied in the same manner. When you give a dahlia a drink, soak it with a pail full of water and mound up the dirt so it will all soak into the ground near the plant. When it has drained, cultivate.

Remember that a dahlia loves cultivation. Keep the ground well stirred up at all times. After the buds appear be careful not to cultivate too deep. A scratching of the surface will be enough. But cultivate continually. It helps dahlias more than anything else.

If you want to grow fine dahlias you must give them plenty of attention. They need care, the same as any other plants. Show them that you love them by bestowing the proper attention upon them and they will reward you liberally.

The prices given in this catalog will be superseded by the prices in the 1926 catalog.

The descriptions of the various dahlias herein are largely the original descriptions of the originators of the various creations.

I will begin to ship orders in April, as soon as the clumps can be safely divided, and will begin shipping plants in May.

I guarantee the safe arrival, in growing condition, of all green plants shipped, and will cheerfully replace any that do not so arrive. I will not be held responsible for more than the purchase price. Plants not received in growing condition must be returned immediately, all forwarding charges prepaid.

President Wilson

This dahlia is second to no decorative in this country today. This fact is evidenced by the great popularity it enjoys, not only in the show room, but in the garden as well. It always wins when shown here and attracts instant attention. It is a true type decorative and grows very large. The color is a light crimson, each petal distinctly tipped white. Full, tight center. We have the genuine original stock and plenty of it. It is one of the few real leaders in this country today and should be grown in every garden. Field grown tubers $2.00 net; Plants $1.50 net.

There are other tipped varieties, but none of them has passed the test of holding its popularity for so long a period as has President Wilson. No matter how many dahlias you may grow in your garden, President Wilson is bound to attract the instant attention of visitors. It is free flowering and grows very large, perfectly formed flowers without disbudding.
Colleen Bawn

Colleen Bawn is one of the beautiful Hybrids in our garden that has been a free and consistent bloomer. It attracted unusual attention, not only in the garden but in the exhibition halls.

I have grown it three years and it has always been the same satisfactory dahlia. The long shaggy petals are slightly twisted which gives it an unusual appearance. The color is deep pink with a slight tracing of lavender. The center comes full to the end. It is very free flowering and grows very large flowers without disbudding.

One of my customers writes as follows:—"In the Spring of this year, you sent me Colleen Bawn which I have planted and have taken considerable care of in order to obtain the best results. I believe that I have been fully rewarded for all of the attention given this Dahlia. The first two or terminal blooms which appeared on this Dahlia, were 9 1-2 inches in diameter; the side shoots of this plant which numbered 11 gave me 11 blooms, no bloom being less than 8 inches in diameter. I consider this Dahlia to be one of the most beautiful specimens I have ever seen."

Field Grown Tubers $3.50; Plants $1.75.
Rules For Ordering

GUARANTEE—Every care is exercised to ship bulbs and plants in good condition and true to name. Bulbs and plants sent out by me should be examined on arrival, and if not satisfactory returned at once. If kept beyond reasonable time, it is assumed that stock is satisfactory. I will cheerfully replace any bulb or plant that does not come true to name or refund money on return of clump but will not be held responsible for any amount in excess of the purchase price.

SUBSTITUTION—I never substitute unless requested to do so. It is well however in ordering late, to name a second and third choice.

POSTAGE prepaid on all retail orders that are mailed amounting to two dollars or more. I also pay insurance. It is well for you to enclose special delivery stamp with your order. Dealers orders are F. O. B. Boston.

TERMS are cash with order unless other arrangements are made.

References as to my business standing can be obtained from the Beverly Trust Company, Beverly, Mass., or from the Chamber of Commerce, Beverly, Mass.

605 E. J. Titus, (P)—Color bright buttercup yellow of true peony type. The petals are large and have a graceful twist. Tubers $1.00

911 Elberon Beauty, (D)—As its name indicates, a beauty; a large exhibition flower of soft apricot shading to a slightly darker tone toward the center, perfect stems and an excellent keeper. Tubers $2.50; Plants $1.25

808 Eliza Clarke Bull, (D)—In the 1923 show given in San Francisco by the Dahlia Society of California, this decorative won the Rookwood vase for the best white dahlia, at least three years old and new to commerce, three or more shown with their stems. It also won the previous year for the best two year old seedling. This is one of the biggest and deepest flowers of its class. The form is perfect and the petals are just enough irregular to prevent it from being stiff. It has, however, a heavy, firm stem, which carries the flower erect and out of the foliage. Blooms generously on bushes of medium height. Plants only $3.50

340 Elsie Oliver, (H. C.)—Enormous creamy pink hybrid cactus. The type is perfect hybrid cactus. The stems are good. One of the real good ones. Tubers $2.50; Plants $1.25

620 Empress, (C)—A most unusual coloring of lilac pink. A very large, fine exhibition variety. Tubers 75c

603 Ethel M., (H.C.)—The plant is always covered with large blooms of the most pleasing and attractive shade of glowing amaranth pink at the base of the perfectly quilled petals, gradually shading lighter at the tips, with white center. This dahlia was awarded a Certificate of Merit at the American Dahlia Society’s trial garden at Storrs, Conn., 1923, scoring 88 points. Stock on this variety is very limited. Tubers $3.00; Plants $1.50

628 Esther of Hav-a-look, (D)—A full flower that practically does not open, grows universally seven one half to eight inches diameter, fine stem. This Dahlia is near a true cerise in coloring. Even with age, shows only a slight trace of magenta; the reverse is silvery and occasionally shows through the petals. Tubers $3.00; Plants $1.50

812 Eva Cole, (D)—An unusually large splendid built, bright, clean, red and gold flower. With no feeding quite a few had 10 inch and better blooms. Plants only $3.75

100 Mephistopheles, (D)—Huge flowers supported by unusually strong stems. The color is ruby-red showing infinitesimal golden-yellow points at the very ends of some petals. I have an exceptionally fine strain of this dahlia. It should be in every collection.

371 Miss Bay State, (D)—Immense creamy white flowers on extra good stems. Received Certificate of Merit at Boston show 1921. It should be in every garden where good dahlias grow. Tubers $1.00

88 Miss Leota Cota, (H.D.)—Color a blending of creamy buff and pink; flowers are enormous, fine for exhibition. Tubers 50c

642 Moon Glow, (D)—A soft yellow with purple in center, shading at tips towards outer petals to lilac; not a tall grower. Tubers 50c

594 Mr. Crowley, (D)—The color of this dahlia is glowing shade of salmon-pink; the base of the petals is yellow. In order to obtain the best results the crown buds should be removed and also all but one of the buds on the branches as they are borne on close terminal clusters; when this is done it can be cut with very good stems. Tubers $2.00; Plants $1.00

684 Mrs. Alfred Harvey, (C)—This will rank with the best we have ever had the pleasure of offering. A large full flower, with incurved florets gracefully arranged, and a beautiful color, light salmon pink, with darker shading at base of floret. Plants are dwarf, dark foliaged, and carry the flowers upright on strong wiry stems. Tubers $2.00; Plants $1.00

Nine
306 Mrs. A. R. Gallatin, (P)—Soft shade of yellow, suffused light red, good stems and very free flowering. A fine flower.

643 Mrs. Bertha S. Morris, (D)—Large, finely formed flowers of deep rich garnet red, the best dark red of this class. Tubers 50c

803 Old Black Joe, (D)—In writing of this new creation, the introducer says; "This I consider the best dark dahlia that has been introduced. It has been the admiration of the people at the exhibitions the past season with 'Oh its just like velvet, is it real?' It is wonderful, color blackish red purple with aster and amaranth purple showing throughout the petals. Good stem and excellent keeper" Plants only $2.50

77 Old Rose, (P)—A lovely, large flower of the deepest old rose. Stem is long, stiff and wiry, making it fine for cutting Tubers $1.00

333 Oregon (HC)—The plants are unusually strong and vigorous and produce their flowers freely on long, strong stems. The color is a clear cut and brilliant rose carmine, cerise Tubers $1.00

595 Osam Shadow, (D)—The big, heavy, loose petals produce a flower like a gigantic rose. Its coloring is old rose slightly suffused with lilac and shading to yellow at the center. The stem is long, thick and heavy and the blossom comes well above the foliage Tubers $2.50; Plants $1.25

678 Our Country, (D)—The ground or main color is a very deep purple while the florets are heavily tipped pure white. It is mammoth and the formation is wonderful. Stem pendant. It is a very deep, heavy flower with a never failing center. The colors run very uniform. It was offered to the public in 1923 for the first time at $56.00 per bulb Plants only $2.50

570 Papillon, (H.C.)—One of the big fellows. A wonderfully improved George Walters. A beautiful shade of old rose with golden lights, but decidedly different in coloring from the hybrid cactus which it resembles closely in type and size. Stems are strong and long Tubers $3.00; Plants $1.50

583 Patricia O'Brien, (Hybrid Cactus)—Coral pink with apricot yellow center. A very large flower of a beautiful new and delicate coloring, held well up above the foliage on stiff, wiry stems. Exceptionally fine for exhibition. Certificate of Merit A. D. S. 1921 Tubers $1.50

Eleven
Paul Michael, (D)—Sometimes called “California Gold”—Deep, orange buff, shading to old rose on reverse of petals. One of the largest dahlias to date. Won many first prizes as largest flower in shows. Grows well anywhere. Should be grown in every garden. Tubers $1.50

Paul Revere, (D)—This is one of the best, if not the best, red decorative produced to date. It has all the characteristics of a fine dahlia. The bush grows about 5 feet in height and the flowers stand up on long, straight stems and face front. The color is a bright crimson, somewhat darker in the center and covered with a glistening sheen. I have had stems two feet long on this flower. The flower is full and heavy being of the true decorative type. All the flowers grow very large without disbudding. It is one of the leaders and ought to be in every garden. My stock is limited. Tubers $5.00; Plants $2.50

Peg O’Me Heart, (P)—Most lovely creation; large flowers on strong wiry stems are produced in abundance on strong plants. The color is old rose with a slight shading of golden yellow: Tubers $1.00

Pennant, (C)—Among the very few English cactus dahlias that have been awarded a gold medal by the E. N. D. S. The form is perfect, of pronounced incurved type and the color a clear coral. Stiff stems. Tubers 75c

Polaris, (D)—Pure white dahlia, flowers of large size and perfect form, held well above the foliage on strong stems. Tubers 75c

Polar Snow, (D)—This is the big white decorative dahlia that scored such a success at the New York show of the American Dahlia Society in 1922. At that time and also in 1923 it was listed by the introducer at $5.00 per tuber. Owing to the death of the originator, however, it was not put on the market until last year. It is a giant white of true decorative form produced on strong, straight stems. Tubers $5.00; Plants $2.50

Preferencia, (D)—Fine large yellow Decorative. A strong and free grower. One of the best in its class. If you want a fine yellow decorative, perfect in form and large flowers, you should grow this dahlia. Tubers $1.00

President Wilson, (D)—President Wilson is second to no decorative dahlia in this country today. It always wins when shown here. It is very large, extremely attractive with fine stems. I consider it one of the few real leaders. The color is a light crimson, each petal distinctly tipped with white, and it is as popular today as when first introduced. Tubers $2.00 net; Plants $1.50 net

Pride of California, (D)—Dark rich crimson of pleasing form and large size, flowers held erect on splendiferous stems, one of the best red decoratives for cutting. I have a fine stock of this. Tubers 50c

Pride of the Garden, (D)—Color, deep canary yellow with petals tipped white. Occasionally some flowers come all yellow and in that case is a most beautiful flower. The flowers are large and the buds which appear in numbers should be pinched off to one in a place. Plants only $1.50

Pride of Wayne, (D)—Produces flowers of large size on stiff stems. Rich plum color. A fine exhibition variety. Tubers $1.00

Queen Josephine, (H.D)—A rich, royal purple, suffused with white, with two veins of white running through each petal. The outer petals are of velvety texture. The blooms stand erect with long, stiff stems. Tubers $1.00

Queen of Whites, (H.C.)—The producer says of this new introduction, “The Dahlia World has been waiting for eight years to get a bulb of this wonderful white that I never intended to sell. With a change of mind I have decided to let it go. A very large full flower, perfectly constructed, free bloomer, strong growing plant, unsurpassed for exhibition qualities when cut, and I dare say the greatest pistilate ever put on the market, which means more than words.” Tubers $10.00; Plants $5.00
576 Radio, (D)—This dahlia created a distinct sensation at the Boston Show and has at other shows where it has been exhibited. It was one of the twelve best New England decorative in my first prize exhibit at the annual exhibition of the Dahlia Society of New England at Boston last September. Radio is one of the largest decorative grown. Its color is red and yellow, which is distributed so as to create a striking appearance. It has good stems and is free flowering. Tubers $4.00; Plants $2.00

550 Ralph H. Blodgett, (D)—This is a very striking dahlia. The ground color is deep orange with a slight red suffusion and each petal is tipped white. It is large in size and a free bloomer. This is a distinct novelty and should be in each collection. Tubers $1.50; Plants $1.00

273 Red Rover. (D)—Rich crimson-red; flowers are extra large, of broad flat petals held erect on finest possible stems. Plants $1.00

613 Richmond, (D)—A big crimson bloom whose broad, flat petals, have an uncommon velvety surface. Stems long and stiff, blooms freely. One of the best Plants $1.00

675 Rienzi, (D)—Big flowers of great depth bright scarlet verging on vermillion, with a reverse of gold. The peculiar petal formation makes these contrasting colors most striking. The bushes are low, and we advise cutting out the central stem so that the plant will branch freely. Plants $1.75

396 Rising Beauty, (D)—A very attractive combination of scarlet and gold. Immense flowers on long, straight stems. Invaluable for exhibition and a splendid cut-flower. Has a record as a prize winner. Plants $1.00

805 Robert Treat, (D)—This new variety created a sensation wherever exhibited. It is a very large true type decorative, of the color of the American Beauty rose. The flower is held on a large strong stem, 8 to 10 inches long. It is one of the best of the new introductions. It won the Garden Magazine Sweepstakes at the American Dahlia Society Show in New York, September 1924; won the Robt. Treat hotel silver cup, Newark, N. J.; and the Silver Medal of the Penn. Horticultural Society, Philadelphia. Stock is limited. Tubers $5.00; Plants $2.00

809 Rollo Boy, (H.C.)—This dahlia won First Prize, for the Largest Dahlia and also First Prize for the Best Dahlia at the Palace Hotel Dahlia Show 1924. This is a hybrid cactus of great size with every flower carried perfectly erect on a strong stem. A delicate shade of amber shading to old gold. The plant requires little attention as regards thinning. This variety is in every way one of the most striking advances yet made in the Hybrid Cactus section. It is a conspicuous garden plant and if desired for exhibition is the largest in this section. Stock limited. Plants only $1.50 net

357 Roman Eagle. (D)—A flower that is typically an Autumn shade, which has helped make the dahlia “King of the Autumn Season.” Large exhibition decorative of a flaming, brilliant, burnished copper color; one of the most admired dahlias in our field as well as at all the Eastern shows. Flowers held well above dark green foliage on stiff stems. Medium height plants, profuse bloomer. Awarded Certificate of Merit by Dahlia Society of N. J., 1925, with a score of 89. Tubers $5; Plants $2.50

614 Romany, (H.C.)—Long, closely rolled, incurved petals, from a large substantial bloom. The color is bright geranium scarlet and will not burn in the hottest sunshine. A brilliant red, not a dingy brick red. Stems are first class. Tubers $1.00

176 Rosa Nell, (D)—The color is clear bright rose, the flowers are large, and it is one of the best shaped Decorative Dahlias grown, good stems and habit, but priced ridiculously low. Tubers $1.00

Thirteen
862 Rose Fallon, (D)—Most wonderful flower of enormous size, held erect on straight, strong stiff stems; this magnificent bloom is a beautiful color of deep old gold of the finest type. This variety created a sensation when exhibited at the 1925 Dahlia show of the A. D. S. and was without a question, the finest Dahlia in the show. No Dahlia collection should be without this famous novelty ........................Tubers $25.00; Plants $12.50

74 Rosemawr, (D)—Immense flowers, rich rose pink, dwarf branching habit, a real fine decorative... .................................................. Tubers $1.00

28 Sammy, (D)—A product of great merit. Massive flowers of deep yellow, shading to amber. A fine exhibition flower....................Tubers 50c

45 Samson, (D)—Red tipped and shaded yellow. A fine flower. Free bloomer. (Withdrawn for Stock)

860 Sanhican's Bluebird, (D)—All who have seen this noble flower in our grounds fell in love with it at once. It is a bloom of gigantic proportions and perfect in form. The color is a most uncommon shade, at least uncommon blending. The outer petals at maturity are bright violet-blue, while the center retains the violet tint, the nearest approach to a blue dahlia, the whole forming an uncommonly handsome flower. Strong wiry stem. A 1925 introduction that has proven a great success wherever grown. Tubers $3.50; Plants $2.00

855 Sanhican's Magnate, (D)—As the name indicates, one of the big fellows of the Dahlia Kingdom. Exhibition decorative of a pale amaranth pink; face of petal tinged with a deeper shade; reverse of petals a solid claret color, heavily veined. The large flowers are held erect on stiff stems, free bloomer medium height plants, dark green foliage. Awarded Certificate of Merit by Dahlia Society of N. J., 1925. with a score of 85............Tubers $10; Plants $5

596 Silverhill Park, (C)—Awarded Gold Medal for the best new Cactus Dahlia at the National Dahlia Society's show in London, England, 1920. It is large in size, beautifully incurved in form and with a perfect center. The stems are very good. Stock limited........................................... Plants $1.00

686 Silvertips, (D)—Another white tipped variety, that is going to be one of the most popular dahlias. Style and size of flower takes after its parent Pres. Wilson. Color combination is magnificent, light pink at base, to a distinct band of rose, then pure silvery white at tips. Flowers have always come tipped in my garden where it received a great deal of attention from visitors. Plants only $2.50

828 Siskiyou, (H.C.)—This dahlia has most always walked off with the prize for the largest flower in the show. Flowers are held erect on very strong stems. The color is pink, tinged mauve. The flowers are enormous in size. Stock limited..................................................... Plants only $2.50

Fourteen
73 **Snowdrift**, (D)—Pure white, full deep built flower with broad petals, low bush. One of the best white decoratives. Tubers $1.00

565 **St. Francis**, (D)—Soft cream color brightened with a pinkish glow on the outer petals. Rigid stem. Tubers $2.00

304 **Susan A. Coe**, (P)—The outer petals are a pleasing shade of rose pink passing to a yellow center suffused salmon. A very large flower which should be grown by all. Tubers $1.50

590 **Susan G. Tevis**, (D)—This decorative has a distinctive new color tone, best described as a deep shade of lilac with a bluish sheen. The blossoms are regularly formed of narrow, flat, pointed petals. It is a very large, graceful bloom of fine depth. Splendid stem. Tubers $2.50; Plants $2.50

666 **Susan Lee**, (D)—A monster flaming orange flower that will make everybody stop when they visit your garden if you grow this variety. The stems are stiff, but not long enough to make a cut-flower, but if you want size, grow this new dahlia. First prize largest flower class in several of the Eastern shows. Tubers $4.00; Plants $2.00

835 **Talisman**, (H.C.)—A new combination in Autumn tints. This fine large flower is a brownish red color with a reverse of tan. The petals are extremely long and many, incurred slightly, and open at the tips, showing plainly the tan at the back. The center is also tan, so the effect is most striking. Excellent stems, and very beautiful dark green foliage. Tubers $2.50; Plants $1.75

623 **Target Rock**, (D)—This is truly an aristocrat among dahlias. The stately appearance of its dark velvety blooms, towering above the foliage, make it a real attraction in the gardens. The color is a rich maroon blended with deep scarlet. The plants are exceptionally strong and the large blooms, 7 to 8 inches, are held on long stout stems. Plants $1.50

840 **T. C. Holmes**, (H.C.)—A wonderful new introduction. An unusually attractive variety of golden amber tipped with white. Flowers are large and are held erect on good stout stems. Good habit and free flowering qualities. Is sure to be one of the most popular varieties grown. Fine for exhibition. Plants $2.50

599 **Tehachepi**, (H.C.)—Very large flowers of canary yellow on fine stems, flowers similar to Gladys Sherwood in shape. Tubers $3.00; Plants $1.50

82 **Tom Lundy**, (H.C.)—This has been an exceptional hybrid. The bold crimson flowers measure 7 to 9 inches and are full to the center. This is a dahlia which grows best in a heavy soil and in the full sunshine. Excellent stem, a free bloomer. Plants 75c

566 **Tommy Atkins**, (D)—This might be described as flaming scarlet, so full of metallic lustre that it fairly glistens in the sunshine. The customers who were tired of reds bought it on sight. Tubers $2.50; Plants $1.50

229 **Trentonian**, (D)—A giant decorative dahlia of a shade that appeals and captivates at one glance and is really symbolic of Autumn. The color is that of an "Indian's skin," a wonderful blending of old gold, amber and coppery bronze, the whole forming a flower of marvelous brilliancy, with a central zone of reddish bronze. The petals are broad and well placed with the appearance of velvet and constitution of leather, making 'a flower of great lasting qualities. This flower is highly recommended either for garden or exhibition for its size, stem and grand color. Awarded Certificate of Merit at the trial gardens of The Dahlia Society of New Jersey, New Brunswick, N. J., scoring 59 points. One of the most talked of and successful dahlias introduced in 1925, both as a winner in the "Largest class" and Best Decorative class. Tubers $7.50; Plants $3.75

Fifteen
419  Tryphinnie, (D)—A lovely flower of bright shell pink, shading lighter at the tips of the petals. At the base and through the petals is a rich bright golden yellow. The reverse of the petals is a rich pink. The good-sized flowers are borne high on stiff stems.....................Tubers $1.50

561  The Bandit, (H.C.)—In addition to being the second highest scoring dahlia at Storrs last year, "The Bandit" was awarded a Certificate of Merit at the New Jersey Dahlia Society’s trial garden in 1925, The judges were right at Storrs when they reported "a striking flower." It is the most striking flower we have ever grown, not a monster in size, but what it lacks in size it makes up in its spectacular color combination, spectrum red, reverse a snappy buff yellow. The petals twist and whorl making a most attractive formation. The plants are always covered with vivid colored flowers held perfectly erect on wiry long stems. The average size of flowers are 8-9 inches. If you want a flashy dahlia that stops the visitors we guarantee The Bandit will do it as it has done to the thousands of visitors in the gardens and show room.

Tubers while they last $10.00; Plants $5.00

290  The Bashful Giant, (D)—This is unquestionably one of the largest flowering dahlias ever produced; the blooms are excellent for exhibition where size is one of the requisites; it is also of great merit for its beautiful color, being an apricot with golden shaded petals. Flowers are produced on stout stems.

Tubers $1.75

624  The Billionaire, (P)—The color is a beautiful shade of golden orange. A wonderful production, as the flowers are of immense size ...... Tubers $1.00

656  Violetta, (H.C.)—This is a very fine variety; good free grower, free bloomer, producing its large Petunia violet colored flowers on top of the stem. A seedling of Etendard de Lyon, but much superior to that variety. The best of the violet colored varieties.................................Plants only $1.50

660  Virginia Harsh, (P)—A most unusual and pleasing shade of pink, the large flowers borne well above the foliage ..................Plants only $1.50

574  Vivandiers, (P)—Cerise carmine, shading lighter at the tips of the petals. The flower has a peculiar velvety texture that makes it most desirable. An immense deep flower that comes decorative with me, with the center surrounded with petaloids. Eight-inch blooms are attainable without disbudding. The stems are excellent ..................... Tubers $5.50; Plants $1.25

685  Warren’s Jumbo,—This is an immense gold decorative, one of the most fascinating dahlias that we have seen. The stems are stiff. We highly recommend this dahlia as one of the very best, and worthy of a place in the finest collection. Stock is very limited.........................Plants $3.75

Sixteen
668 **White Sister**, (D)—A beautiful white dahlia that has attracted the attention of expert dahlia growers on account of its beauty and size. It is a free bloomer, producing flowers on very stiff stems. Plants only $2.00.

6 **Wm. Slocombe**, (D)—A fine large flower, well formed of a beautiful shade of canary yellow, shading to deep yellow towards the center. An exceptionally fine flower, carried on long stiff stems, well above the foliage. One of the best. Tubers $1.50; Plants $1.00.

662 **Wonderland**, (D)—One of the largest and most distinct dahlias in cultivation today. The front of the petals are violet carmine while the reverse of petals are light rose pink. The petals are twisted and curled, showing the reverse as well as the front and producing a ruffled effect that is very attractive. One of the best two-toned effects on the market. The stems are strong and hold the blooms well. Tubers $5.00; Plants $2.50.

551 **World’s Best White**, (D)—The producer of this and many other white dahlias says that this is his best white. It is a fine bloom, and has the size, stem and quality. It is a prolific bloomer. Tubers $4.00; Plants $2.00.

281 **Yaphank**, (D)—Variegated light yellow spotted and striped carmine. Tubers $1.00.

Ellinor Vanderveer, (D) A 1925 origination that has been a great success and prize winner throughout the country. An incomparable dahlia of exquisite beauty and great size. The large blossoms of glowing, satiny rose pink are of great depth and substance and are held far above a tall sturdy bush on exceptionally long, stiff stems. There is no surplus leafage and with ordinary disbudding every flower is perfect. This dahlia is said by many to be the best California dahlia ever put on the market. Plants only $3.50.
Price List of Gladioli

I grow several varieties of the popular Gladioli which I price very low. I will be glad to quote prices for lots of 100, 500 and 1000.

The Gladioli is fast becoming among the best for cut flowers, lasting as they do a week or more if cut the morning after the first bud opens. Do not despise a young bulb of medium size, as it will give you the best flower spike where an old, large bulb will throw up two or more inferior spikes.

All prices in this catalog for Dahlias or Gladioli are subject to stock being sold. All orders must be accompanied by remittance.

Directions for Reaching Farm

My farm is located in the old Indian village of Assinippi, which is 20 miles from Boston. It is reached by train to Hingham and then trolley to Queen Ann's Corner, and thence about 15 minutes walk. Automobilists will find it handily by taking the old stage road from Boston through Quincy and Weymouth Landing and thence following the Plymouth road, which passes by the side of the farm at Assinippi, near the Post Office.

Eighteen
Mrs. Woodrow Wilson

This is a large, graceful decorative of wonderful beauty. The color is pale yellow at center, changing to white at the tips, thickly splashed and striped with bright crimson. It always comes with a full, tight center and is of the true decorative type. Mrs. Wilson is a sport from President Wilson and at times may come as the President does. It is sold with this understanding. It is a distinctive variety and one that attracts attention. The plant is a strong grower and flowers freely.

DAHLIA
ASSORTMENTS

My Selection

I make a specialty of Dahlia assortments ranging in price from $3.00 up to $200.00. These are selected with care, so as to give the best color effect and the best general variety. In numbers they range from one dozen up, and contain varieties, which, if ordered singly from my catalog would cost much more.

Place Your Order — Early

It is also wise to give a second choice so that in case your order is late you will not be disappointed.
